'... on the road again ...'

We are about to embark on our annual summer visit to America from 7th - 28th June. At the present time, we will make just one

trip this year. There are several factors which dictate this, but we are always attentive to God's leading and direction.

His Presence to go before us We are privileged to go and take the Word of God in encouragement, blessing and support to leaders and their congregations. This year in San Antonio TX, Middlefield CT, Memphis TN and Hayleyville AL. It is God's presence and Word that sustains us all and is vital to our journey.

... We ask that your prayers will cover us during the many flights, States, weather patterns and road trips which we will experience. That the personal refreshment of the Holy Spirit and a portion of Divine health accompany us. We are looking

to the favour of the Lord!

Encounters of a God kind Our hearts and ears are ever mindful of personal encounters along the way ... be it in a plane, an airport, coffee shop, restaurant or a store ... to show kindness, compassion with the life and love of Christ, especially to those who are not aware of Him, but are seeking Him!

Blessings, Colin and Judith
