Learning to Serve

Student Feedback 2013-14

I found the course to be really informative, inspiring and has encouraged me to take the things that I have learnt, back to my own Church. As the course title suggests, it provides a deeper insight into the Bible and life issues. Many thanks to the people who have run the course.

I have learnt so much and have really enjoyed the various areas that we have looked at. I have gone away with many new tools and new insights, plus, it has been great to meet with other Christians and hear other people's opinions and thoughts as we were able to share openly in class. I would recommend it to everyone – love it!!

I am so glad to have attended the maiden edition of the Insight Academy at Sharon Pentecostal Church. I have been blessed by the quality and content of the course subjects and would not hesitate to recommend this course for anyone intending to improve their understanding in the Christian faith and their walk with the Lord.

The Insight Academy has really challenged me over the last nine months in many ways. It has been a challenge to me in my personal life and also in my role as a youth leader

Steve

Really enjoyed this amazing course as it provides a fantastic grounding in the Word and the Church. It was a great opportunity to study without having to go to Bible College.

InSight Academy's one year short Bible course has really helped me to understand what the Bible is all about. We have looked at so much, and it has also highlighted to me the reason why we need to know and understand the Bible as Christians. This course has allowed me to grow closer to the Lord, and has enabled me to share my faith more ably, with others. I would recommend this course to any believer.

Enjoyed every lecture. They were informative, exciting and made me realize that all things are possible with God. It has helped me greatly in my leadership role in my Church, allowing me to share with my brothers and sisters something of what I have learnt. I have become bolder in speaking of God and what I believe he wants for every one of us.

This course has been really encouraging and has helped me a lot in my understanding and grasp of the Bible. The sessions have been fun, but serious at the same time. It has been a great environment in which to learn more.
