We launched the academy to enhance and develop the lives of those who desire further biblical insight, but are not able to enrol into full time study.

A smaller group is studying this year and individual participation and interaction is easier to engage the students. Both of us and two other trustees of HORIZONS are also teaching.

**First graduation...UK** It has been good to get back into the Biblical & Ministry training in our own city of Manchester. Some 29 students enrolled into the **inSIGHT Academy** and 25 stayed the pace and graduated in June 2014. They were from different church backgrounds and attended the course for various

**Post graduation follow up...ESTONIA** For the past four years we have sponsored 6 students to attend **BSM, Latvia**; all were graduates from the Village Of Hope, Estonia. We have given updates in our previous news bulletins, but to show a further continuation of God's amazing plan for RAGNAR ...

- Rescued drug addict, thief and fugitive
- Village of Hope & Baltic School Of Ministry graduate, church leader.

Now look what this student has accomplished...marriage!! Not only is he a leader in the pioneer church in Paldiski, this is where God had planned for him to meet his life partner. She is a great member and servant of the church.

### **Last Lessons Before Christmas...Baltic School Of Ministry, Latvia**

There is always, but always snow on the ground in the last week of term prior to Christmas! Very few teachers want to go to the school during that week, except Colin; this year he was joined by fellow trustee, John Schofield. ( we have also introduced 11 teachers from the U.S.A. & U.K. to assist us)

It is good to see the developing maturity and enthusiasm for the Word and to study amongst the students. Increased potential is seen and realised throughout their stay. We pray their lives, full of promise, will be an impact for good upon all those they meet and serve.

## **Team Ministry Ordination...Connecticut U.S.A.**

We were privileged to be asked to ordain Petey Leal, pastor's son, into full time ministry at **Victory Christian Church**. We have been in relationship with the senior leaders Pete and Debbie Leal for almost 20years. We have watched their children grow into wonderful godly people. Petey was 4 years old when we met him! He has been in youth leadership for a while, and a little over 2 years ago married the beautiful Christina who shares his passion for the people

of God. VCC is a large, growing church and the team in place is strong and solid. Petey brings to it his particular style of humour and passion for young people together with excellent in-house training, especially from his father.

*Thank you for your gifts of finance, prayer, concern and love to  
make this a reality for many.*

*Our love and blessings to all who support us in this focus of  
our ministry..*

*Colin and Judith*
