

Dear friends and partners with us ...what an amazing year it has been – 40 years married and 38 years in ministry! Changes all around us have occurred and challenged, blessed and surprised us! A stretching of all types has upon the Lord more fervently, sufficient grace and strength to set before us. We thank you, our your financial giving, physical during 2012. Countless lives in have been extremely blessed express their gratitude. We thank you for your immense generosity of spirit in continuing to enable us, through God's great grace, to accomplish Kingdom impact on those who are forgotten, overlooked or ignored. We pray the blessing, peace and joy of God to be upon you and your family for 2013... our thanks in Jesus' name.....**COLIN & JUDITH**

'Casting bread upon the waters' - Estonia

On an extreme, bitterly cold night some 20 years ago, we made it through a treacherous 30 mile drive on ice packed roads from Tallinn the capital, to Paldiski, a Russian outpost town on the Baltic Sea; welcome to the U.S.S.R. nuclear submarine navy fleet base! Because of it's strategic importance - the training of the Soviet Union submariners - this enclave was closed off to the outside world; entry only through the dreaded barrier gate and sentry box! Through a miraculous opportunity, the Commandant of the navy, allowed the then new, but vibrant Estonian Christian Pentecostal Church (EKNK), access to it's only cinema for a church service. This was the launch night of the pioneer church in a dark, cold room on a military base housing thousands of Russian sailors and their families....many came and responded as Colin preached the gospel of good news. The pastor, a new graduate of the Suurupi Bible School (EKNK) in the newly re-established country of Estonia, Johannes Kudrin and his young family went on to become a global missions unit still active today. This was our first 'casting of the bread of life' in Suurupi & Paldiski...it HAS returned after MANY days (Eccl. 11:1)

From Prison To Paldiski!

Enter Ragnar – a former addict, thief, prisoner and drug trafficker once wanted by Interpol - a graduate of Village Of Hope Rehab Centre, Estonia. After completing the programme and their subsequent leadership and life skills programme, he told Colin of his desire to go into ministry. He eagerly responded to Colin's invitation to spend a year at the Baltic School Of Ministry in Latvia and graduated in May of this year. Thank you Victory Church, Connecticut for providing his school fees and living expenses.

This year in July, the Church of Paldiski restarted it's activities and now with a new ministry team, 25 people are meeting together. Ragnar is part of this team! He is managing and organizing the daily work of the church....'after many days...'

Chain Reaction - Latvia

BSM has now entered it's third year, Colin is still a Board member and makes several trips a year; there is a good teaching faculty made up of national and international teachers. Several students are now in active ministry, like Ragnar and some have taken further studies, like Eric. A new development this year, two of last year's graduates are now interns for a year at Metro Christian Centre, Bury. **This transnational chain reaction** is fulfilling our desire for the equipping of potential leaders and sending them out into the world. Links from Suurupi to Paldiski , from Viillage of Hope to BSM ...back to Paldiski, from BSM to Denmark and England. We have been **'casting the bread ' on the 'waters' of Latvia as well as Estonia for 'many days'** and these few accounts are only some of the 'returning' of the investment of the Bread of Life into those who ate and now share what bread they have with the hungry. BSM has become the national Bible college which focusses on training in missions and ministry.

Equipping the church local & internationally has been an integral part of our life and ministry for the past 38 years. This year, we were privileged to be asked to join REVIVAL CHURCH, New Mills to help strengthen, expand and develop their leadership and discipleship training programme. REVIVAL has three other locations covering a wide geographical area and connectedness is vital for a cohesive Kingdom impact. They have a passion to encourage, equip and support leaders. Here are some of the things in which we are involved.

Expansion in England Leadership & Discipleship Training

Training course for the development and defining of skills for leading groups

Providing a time of encouragement where church leaders can meet & connect.

Church wide small group discipleship study written by us

Training centre for all forms of ministry and development; this will commence in the near future and will be available for the Greater Manchester and surrounding areas.

NEXGEN – Zambia

Furniture, equipment & resources are words which are now intrinsinctly woven into our daily life! We have been blessed by a fantastic team of guys and gals who have now honed their skills and have become adept at clearing schools and office blocks! They are the **real Supermen and Superwomen** who now possess powers of strength, resilience and

patience they never knew they had! Thank you all...you know who you are!!!

The favour of God for this arm of our ministry came with a challenge to pick up the gauntlet and give educational opportunities to children and young people in **Lusaka and Kakola**. As a result of this, not only have we been given the opportunity to clear another school (yes, guys!) but also to help establish and equip the new and upcoming Discipleship & Life Skills Training Centre in Zambia for the further education of young people...more on this next year.

Casting more bread...**Zambian Copper Belt**

In case you thought we only did a school 'tour' in Zambia ...check this out – we held a leaders weekend conference 5 hours drive distance to give more bread away...the hungry were there, too

Shoes, glorious shoes!

...and oh yes, fitted hundreds of pairs of shoes. This is a small section in one part of a Lusaka compound where they wait in the hot sun for us to arrive...most children had no shoes whatever..and we fitted them in the hot sun, too!

These are children who attend a school run by a church, we were thankful of shade this day to open our 'shoe shop'

NEXGEN – Bosnia & Uganda

September a truck of relief aid and furniture went to Sarajevo; Colin and Colin! (REVIVAL church) went in October to assess it's effectiveness as this is a 'first' there; good reports all round. Uganda will have it's first container loaded and shipped this early 2013...I am sure we will keep you posted!! Stand by all the Supers!

Bread for an army? - Sierra Leone

Remember this **Project 141** appeal for the military where many soldiers are getting saved in large numbers? We raised , with your help £4000 for 4000 Bibles. We apologise for the

delayed photo update, here they are safely delivered.....the head military chaplain, Major Kargbo takes delivery of 3500 Bibles in Freetown. The pastor, Abubakar Murray was given the other 500 for their work in community at Freetown.

By All Means...cast your bread!

'Go into all the world and preach the good news....for God so loved the world that He gave His one and only Son that whoever believes in Him, shall not perish, but have eternal life'

What an incongruous sight before us as we focussed the camera on the children of Kakola village who long to have their picture taken...and then miraculously, instantly see themselves! The wonders of digital photography!

Jesus Makes A World of Difference - that forgotten, isolated, invisible children could carry such a message of importance and hope to THEIR OWN village deep in the bush of Zambia was an example of evangelism so uncomplicated.....it took our breath away. Some Vacation Bible School sometime, somewhere in the U.S.A. had a heart for children to hear about Jesus, printed their 'theme' on a t-shirt, someone then donated it to a charity who sent it to Zambia....

....thank you, whoever you are , you unwittingly took the gospel to 'all the world'....you cast your bread on Kingdom waters and it HAS returned after many days!
